Leif, Dan- will Kelley and Matt, and/or others in OGC also want to attend?

Yes, something like this would be very helpful. We have never produced traditional slide decks or presentations for this process, after all. I sat in on the NCEE meeting last week and thought you did a very nice job using this overview.

When I spoke with Elke briefly yesterday she made it seem like the OIRA economists were doing their review and tomorrow morning's call might be with them. If you are OK with this idea, maybe you could present on the 2nd half of the overview to help connect the dots on the economics aspects of the proposal?

I think Elke starts later in the day so let me see if I can connect with her and we will continue to think through how to organize the briefing.

Thanks,
Leif

Hi Leif,

If Elke says she is expecting EPA to start the meeting by giving an overview of the package, then naturally I am happy to help you in any way – with presenting and/or preparing a handout. Attached is a short summary that I put together for an internal NCEE meeting last week in case it is useful as well.

Happy to chat more tomorrow after you talk to Elke.

Best,
Elizabeth

Yeah, she seemed all right with your summary document but wanted more highlights on specific issues of interest (?).

I spoke briefly with Elke and we came up with Wednesday morning. We are going to speak again so I understand better what will be the agenda for the meeting. She mentioned that the OMB economists are currently reviewing (more reviewers to come later).

I of course will let you know as soon as I learn more.

Thanks,

Leif, we'd like to set up an interagency briefing on the BCA rule. I can send the invite. What times is EPA available? Can we do earlier in the week like Tuesday or Wednesday?

Also, any chance you have a summary of the public comments for the ANPRM?

There is a call later today (at 5:15pm) with Brittany and Kelley to prep for tomorrow's OMB call. I see that you are on that invite and figured you would know who to involve today also.

I'm not sure if you're available later this afternoon to maybe catch up with Elizabeth (I think she's back working this afternoon). Let me know if it makes sense to put our heads together to figure out where we are.

 OAR – Anne Idsal (idsal.anne@epa.gov)

OAR – Kelley Raymon
OAR – John Shoaff (Sh
OAR – myself (Hocksta
OP – Brittany Bolen (B
OP – Kevin Wheeler (W
OP – Al McGartland (M
OP – Elizabeth Kopits
OP – Amy Lamson (La
OGC – Dan Conrad (cc

Also they even deidentified our comments, so we can't tell what is something we did in response to their comment versus something they added etc. This seems fairly unmanageable if nothing is ever accepted as a change and the changes compound on top of one another without being able to identify who is making it, add in the multiple versions and I think Elizabeth is on to something, although I may opt for a beer and whisky.

Oh and in regard to Elke's request for a comment summary on the ANPRM, here is what OP used to brief the Administrator early last year. Your thoughts on its appropriateness for OMB would be great to hear. Thanks.

Thanks, Elizabeth! I usually try to cc a few folks when we pass things back and forth so I'll keep both of you looped.

Leif, we'd like to set up an interagency briefing on the BCA rule. I can send the invite. What times is EPA available? Can we do earlier in the week like Tuesday or Wednesday?

Also, any chance you have a summary of the public comments for the ANPRM?

I spoke with Elke and Amanda and they said another set of comments (i.e., batch 3) should come in late today. They said they didn't have time to combine everything before sending so we are working to consolidate what we've gotten so far this week without making the document unreadable. I will let you know as soon as I hear any updates.

Thanks,
 Leif

All – Earlier today, OP approved the “Increasing Consistency and Transparency in Considering Benefits and Costs in the Clean Air Act Rulemaking Process” proposal for transmission to OMB for its interagency review. I have uploaded the document that was transmitted to the SharePoint site in the “Proposal – 04-2020” folder.

All – As I mentioned at today’s meeting I have uploaded documents to the workgroup SharePoint site:

The current proposal that is moving forward is located in the “Proposal – 04-2020” folder.

The materials from the FAR meeting including the draft proposal sent to the workgroup last month and the “track changes” version with all the comments inserted are located in the “FAR” folder on the site.

I will keep you all updated on next steps and timing when I learn more this week. Thanks.

How about the batch 1, but if they could accept all the changes before adding in the batch 3 line edits that would make it much much easier. And if they highlight any new comment bubbles then we can find those easily too.

I sent another note to Elke and will let you know when I hear anything back from her.

Yes, I think it went along fine enough. The DOT questions kind of caught me flat-footed but certainly interesting to hear that point of view.

I need to check with Elke as I'm now confused a little about timing of comments. There were no questions from OMB but I think their first set of review comments comes in later this week.

Thanks again for helping out on this.
